3 ▼ Im sure you're already aware, but January 6th the formal electoral count takes place. During which as long as 1 Congressman AND 1 Senator object to a States votes then the Senate and the house must separate to their respective chambers and debate for 2 hours before voting. They both vote whether to accept or reject that state's votes. If BOTH agree then a state can be thrown out. Unfortunately, the House is Dem majority, so it is unlikely both will vote in favor.... then Vice President Pence could be the deciding voter....

With millions of pissed off Patriots on their doorstep, the politicians will think hard about their votes

32 That's precisely the play in motion, when Pence rules to certify that fraud occurred and chooses alternate electors the ball moves to the other court and they have to disprove evidence of fraud instead of ignoring it. They will spend days crying about it on media. Hope you stocked up on popcorn.

5 Pence is a god-fearing, common sense patriot and has been since he accepted the VP slot. S
might say before that even. If Pence double crosses us we will face that scenario when it arriv
until then we have seen no indication, historical or developing, that he may do so. The difficult part is

ware, look for subtle cues rather than public statements. Keep in mind he is a reserved fellow, don't expect him to do the same double meaning statements people like Comey and FBI randomly do when things get hot.

▼ Even if he does, believe me, POTUS has an alternate plan. This will show the American public just who Mike Pence really is, which is critical. Remember Pence got an envelope at the funeral of George Bush. Remember all the others at that event that did as well. While I would love to know the contents of those letters personally it is enough to know and see who got them. There was a reason for that. I trust The Plan.

▼ Pence should not choose any. Not a Trump elector. Not a Biden elector. Do not act on anything ; whole process was shit. 

Legislatures won't act. The courts won't act. No one with the authority to seriously address the issues

Who should be deciding? The citizens of the United States of America. Fuck anyone else that thinks it should be decided any other way.

Don't certify a single damn elector. It may have varied how egregious it was but fraud was not limited to certain states. Dispute every fucking elector. Don't let a single one sit back thinking they can ignore the entire process. A confrontation is needed. Force one.

Um, that's exactly what's gonna happen. It might be more formal and litigated than that in session, but that's the gist of it. See article:

The one thing I will point out that you're correct about is that this only applies to states that are in dispute. This is one of the reasons I've been posting threads warning about a likely constitutional crisis, which worries me more than CW itself.

23 Hey everyone. All the evidence matters. MORE is always better. The reason it isn't "working" is because:

1. We are being blocked by the legislative AND judicial AND 4th estate AND "big tech/social media" **UNPRECEDENTED CENSORSHIP** (*and the message has still made it out and had HUGE effects on broader populous so far*)
2. We aren't experts on conducting revolutions and outreach because this is all NEW to Americans and uncharted territory. **NEW BATTLEFIELD** 3)We are being led partially by shills like A. Jones and still infiltrated with grifters who are slowly working their way out of our camp (McConnell & co.) **SELFISH/ROGUE ACTORS**
3. CCP is suppressing & actively infiltrating ahead of Jan. 6 and DESTROYING EVIDENCE/CAUSING STRANGE EVENTS (see: Nashville) **INFILTRATED/COMPROMISED FROM WITHIN**
4. People are soft, cucked, negative etc. causing division and rifts in our purpose. To achieve our goals we must keep calling keep fighting and *NEVER lose hope or SPEAK AGAINST OURSELVES.* **DEMORALIZATION AND FEARMONGERING**

Maybe you aren't armed. Maybe you don't have hope today. Maybe you have to go to work and can't ✓ I on Jan. 6th. Maybe you can't make phone calls. Maybe you can't spread the word. Maybe your family doesn't agree.

IT IS BEING CALLED A LONG SHOT. WE KNOW THERE IS LARP'ING.

PLEASE, STOP CALLING IT OUT CONSTANTLY. IT DOESN'T MAKE YOU SOME FUCKING GENIUS, OK? RULE 1: HIGH ENERGY TRUMP RALLY. NO EXCEPTIONS. WE NEED TO KEEP IT UP MORE THAN EVER. STOP THE GODDAMN DOOM, GO TO TUCKER.WIN AND DO IT THERE OR SOMETHING.

2 For whatever reason, I've been seeing some videos, posts, tweets etc. focusing on A. Jones being a deep-state shill. Of course the rumblings and talk of that has been around for quite a while. Others in the "conspiracy community" if you will, have called him out (you may know who I am referring to mostly ;)) but personally I am not sure if he is 100% an actor working for them, or just misguided. Don't get me wrong, I don't mind him - and he has had an INSANE track record of correct predictions in the last year or two - but I just am not sure he is the right person to be one of the "leaders" of the rallies and speaking and so on. He is easily trashed by the mainstream and he isn't, well, stable enough. It worries me that his die-hard base may make us look foolish at some point... moreso than already...

I don't want to shit talk too much. I like the guy - as entertainment. We need serious leaders, however. His relationship with Rogan is troubling. I gave up on Joe completely a few months ago. After the whole debate "suggestion" and Spotify nonsense, Rogan mentioned he'd be excited to do an episode with Trump. I had hoped it would happen - only for the exposure it might give Trump - and the influence it might have over a certain segment of folks. The episode with Alex before the election was pretty weird. The election episode with Kulinski (puke!) was absolutely awful shit and nonsense.

A few days after Nov 3, Rogan said he thought the calm of Biden (or some horse shit) was "a good thing" and "the world needs [Biden] right now". I left it there. Too cucked to talk about election fraud too. Makes fucking Tim Poole seem "edgy" now. And brought on Chappelle finally, who has completely turned and works for the deep state now sadly. Fucking pathetic. I've left so many former podcasts and shows behind since the election to be honest. The whole thing has really shown me trust is hard won and easily destroyed. I bet a lot of the audiences have done the same as me. Anyway, sorry for rambling!

2 Hey, thanks for the detailed and thoughtful response!

I am still definitely on the fence about whether AJ is some measure of controlled opposition or not and that recent falling out w/David Knight got me thinking of it again, and that recent encounter with Flynn got me thinking as well. I think if he's managed carefully at these bigger events we can avoid any "poisoning the well" gaffes.

I try to see the other side, too, like, what if it was me trying to expose all that stuff while FBI, Anura etc are stalking and harassing me. And it takes a certain level of ego and machismo to maintain all that

As for Bob Regan, I do see and have seen a long time him/ him since back in the 1980s days so he is kind of a comfy media fixture but I only catch his bigger guests now after he went all irrational and abusive when he had Candace Owens on. That was seriously not cool and the only reason I could think of was that he had talking points. I'm of the opinion now that most people only get famous and wealthy like that at blackmail-level expense. I try not to get too blackpilled also since not everything is a conspiracy and I just try to stick with the facts when I talk to others.

And yep, the election has been a crucible for me, too - obviously ignore Fox News and anyone (incl. David Knight, sadly) that's not for Trump I just don't have time for. This is not the time for dissension and Trump is our best chance to unify as many people as possible against, well, evil.

2 ▼ You said it matters, then explained why it doesn't matter. Are they, beyond any reasonable doubt, trying to steal the presidency? Yes. That's all that matters. We've seen enough evidence. Nobody who hasn't realized the fraud by now is ever going to realize it until action is taken.

Practically the only people I see losing hope for anything here are people losing hope for a peaceful, legal resolution. We need to NOT keep clinging to strategies that clearly don't seem to be working. And we need to NOT stop speaking against ourselves, because that's part of how we keep our heads on straight and make sure we have the best ideas instead of creating a single deluded fantasy and repeating it forever.

It's the internet, calling people faggots and shills and retards is just part of the discourse.

1 ▼ I agree with most of what you said. But if they can do that, am I not within my rights to call it out? I want positive, and PRO TRUMP! We are building a 'preponderance of evidence', for example the Navarro report went through a lot of what we here at TDW have already seen, however it carried through to a MAINSTREAM audience better than many analyses had before it, including Matt Braynard's excellent work. Hope John Lott's work will do the same, as Rudy will be discussing it today during the hearing.

All of it helps! So why throw shade on it? Its not a grift or "Q" related, so I don't get the "concern trolling" being done so actively. Infiltration is always a worry, case in point check out Trump and what GOP did. Same goes for our community, no? I do agree with you, we SHOULD call out those solutions and avenues which ARE NOT GOING TO WORK - as you mentioned, the courts, the DOJ/FBI, etc. But you can do that without the pure hatred and vitriol we've been seeing I think. Maybe you disagree, I see your side of it really I do. But let me share a little anecdote with you:

A few days ago I commented on a post that read in the title "Upvote if you think... blah blah... DONLAD TRUMP will be in 2nd term 100% and love it!" Now, its obviously a fishing expedition for points, and he didn't correct an obvious & important mis spell. So I made a comment sarcastically like "I Luv donlad & i haev a MEGA hat". A couple pedes downvoted me and called me a troll, and then I was perma-banned. O_O The mods who are good people & I respect them undid it, but whoever did the ban refered me to Rule 1 ... and they were right tbh. *They want HIGH ENERGY nothing else should be tolerated. I was having innocent fun making spelling jokes, but how does this show my enthusiasm for Trump?* It's not so it doesn't belong here and is a waste of time. I'm glad that they undid it, but I learned a lessor the positivity UP UP UP! At all times! **This community to a big degree REPRESENTS OUR POTUS &**

addresses to the nation!

So I'm not going to fuck around. **I want us to WIN WIN WIN and I want everyone to know, every time I write in, that I am 100% for Trump and AGAINST THE CRIMINALS who want to destroy him & all of us!** I use my real name because I am not afraid to put myself out there and fight for what is right!

This is a cause unlike any other I have ever taken up, I feel it is extremely vital and will help change our country and even our world for the better!!! **I am proud to support TDW and everything else MAGA.**

Sorry this got off topic and went so long. I hope you can see where I'm coming from. Regardless, we're both going to **KEEP FIGHTING!** Best to you.

"better sit down" I didn't say sit down. Absolutely not. Stand up and use your voice!

"trust sessions trust barr and trust Q" I didn't say any of that. I don't "trust" any supposed or theoretical "plan." Trusting that there's a "plan" would make us lazy and complacent.

I meant don't show your ass by being negative and hopeless. Don't fight your own side!

Here's a question: If WE had WON, and did it by fraud and lies, would you CALL OUR SIDE OUT? Would you DENY IT or be HONEST? If you're HONESTLY this hopeless, maybe the best solution would be to just not say anything? **Look at the Dems: do you see any of them saying "We have to admit it! We cheated! Cannot tell a lie!" Learn from your opponent.**

I don't see why this is something controversial to say. :)

Ok so here is my take on what needs to be done: We get these drops every few days saying "X number of fraudulent votes, X number of votes were switched from Trump to Biden, X number of votes came in after Election Day and were counted unconstitutionally, etc.". GEOTUS and his staff need to finalize a vote total for AZ, NV, WI, MI, PA, GA based off of percentages on midnight 11/3 or if you need to throw out votes use the mail in ballot percentages so Biden loses more of the batch. They need to make a declaration stating this is the final vote count by our records, we have brought these numbers to court and no one will hear our case. Based off these numbers we won X number of states and thus won the election by X number electoral vote totals. Basically a concrete, objective statement needs to be made putting out a final vote total when fraud is thrown out. Finalize it by saying until a court looks at our totals here and disproves it we won by this amount and these is final. Until we have something like that no normies will care or pay attention when president Trump just says "we won". Give them a counter to the MSM and these states' "official" final numbers. I've been thinking this for a few weeks and maybe didn't articulate it well but something else needs to be IMO. ✓

6 Throw it all away. Trump needs to be king or Emperor. When he dies we can figure out another way. Although Don Jr would be the next best thing.

I honestly don't think we can "fix" this. Congress was supposed to be a check on the president's power. They are corrupt as fuck. Every one of them needs to go. We will not have fair elections ever after this travesty. Next best thing is Donald the First. Hell, that wouldn't be "next best" it would be better. The only way to fix this is all out civil war and we kill them all. Then close our borders and the rest of the world can go fuck themselves or they're next. I am past the point of no return.

5 V. Conclusion The precinct level estimates for Georgia and Pennsylvania indicate that vote fraud may account for Biden's win in both states. The voter turnout rate data also indicates that there are significant excess votes in Arizona, Michigan, Nevada, and Wisconsin as well. While the problems shown here are large, there are two reasons to believe that they are underestimates: 1) the estimates using precinct level data assume that there is no fraud occurring with in- person voting and 2) the voter turnout estimates do not account for ballots for the opposing candidate that are lost, destroyed, or replaced with ballots filled out for the other candidate

Also (and this is so fucking frustrating) I've been trying to find out if it's illegal to take a picture of that print out after I voted, but ALL the articles that I have read ONLY talk about the legalities for taking selfies with your ballot and/or posting it online. I just want it for my own PERSONAL records, not for anyone else but me... I live in Georgia and I'm EXTREAMLY conflicted on whether or not I'm going to vote because I know that their (well, last time I heard) going to use the same damn machines as last time and I DO not want to support a voting system that does not, AT LEAST, TRY to be secure because that is laterally supporting tyranny, in my book.

Do you never think of me?!" or "Who's Felisha, babe?" ...Yeah, lol, that would be hilarious"

1 MORE impotently... What are We, the people, going to ACTUALLY do when pence INEVITABLY betrays Trump and declares Biden the president? Jan the 6th... Are there ANY plans of action for when that happens or are we all just going to yell "rabble-rabble-rabble" for a few hours and then go home. If that is case, WHY GO AT ALL? WHY STAND UP FOR ANYTHING YOU BELIEVE IN if, when the moment comes down to either do something or LICKING THE BOOT of tyranny... you stick out you weak beta tongue as you get in your car and go the fuck back where you are told... I don't want to do that, AT ALL, But I see ZERO ORGANIZED PLAN OF ATION THAT WE, THE PEOPLE THE MASSES, have made... If I am wrong (And please GOD, I hope I am) them tell me how I can help in this plan (and no not that "trust the plan" horseshit/psy-op that was made to keep Americans from getting up and doing what we should have been doing for decades upon decades... Which is HOLD OUR FUCKING GOVERNMENT ACCOUNTABLE FOR THEIR ACTIONS!! We don't do that anymore. This is PRECISLY the reason why things have gotten THIS bad).
